**Re: Section 7 Amendments to the Specification of Goods and Services
Our Trademark Registrations Nos. 3105816, 3559342, 3381826**

ATTN: Post Registration Department

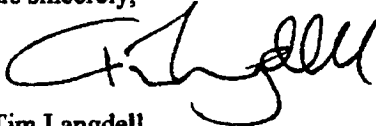

Dear Sir or Madam:

In speaking today with "Leonora" in your department I was concerned to hear that our section 7 filing of March of this year was not on record as having been received. We presume that the fact we filed this via Express Mail rather than electronically caused it to be routed to the wrong department, and consequently it was not processed.

Please find a copy of that filing attached, which amends the specification of goods and services of the above three referenced trademark registrations owned by us. In each case we note that the amendment restricts (makes less broad) each of the lists of goods and services being amended and in no way extends the coverage.

If you have any questions, please do not hesitate to contact the undersigned.

Yours sincerely,

Dr Tim Langdell
